Description

This 2023 Sea Ray SDX 250 Outboard is an outstanding example of one of Sea Ray's most popular family day boats. Designed for entertaining, watersports and relaxed weekends on the water, the SDX 250 delivers an exceptionally spacious full beam layout with generous seating throughout, creating the ideal platform for hosting family and friends in comfort.

Powered by a Mercury 300HP Verado White Outboard with only 100 engine hours, this vessel provides smooth, powerful & responsive performance and confident handling whether cruising Sydney Harbour, exploring the coastline, undertaking watersports or enjoying a day at anchor. The open bow design, expansive cockpit and swim platform create a seamless flow throughout the boat, while premium finishes, and thoughtful factory upgrades elevate the onboard experience.

Lovingly maintained by a family who are now selling due to relocation, this SDX 250 presents in fantastic condition throughout and reflects genuine pride of ownership. A significant advantage is that the vessel has been stored on an AirBerth and kept out of the water for its entire life, helping preserve the hull and overall presentation.

Key features and options onboard include:
