### Description

2024 Karnic CS700 HardTop

A beautifully presented 2024 Karnic CS700 HT, offering an impressive combination of European styling, entertaining space and genuine overnight capability. With just 31 hours on the Mercury 250HP Verado Outboard, this boat presents in fantastic condition and represents an opportunity to save more than \$60,000 compared with ordering new.

Designed and built in Europe, the CS700 HT delivers a quality finish, solid construction and a confident ride. The hardtop provides excellent protection from the elements, while a full set of clears allows the helm area to be enclosed when required, extending the boat's usability through changing weather and cooler conditions.

The spacious cockpit provides plenty of room for family and friends, while a freshwater transom shower adds extra convenience after swimming or a day at the beach. Below deck, a two-berth forward cabin provides comfortable overnight accommodation alongside a separate enclosed marine toilet. A practical galley with freshwater sink, single gas burner and 12V refrigerator makes longer days and weekends aboard easy.

At the helm, the CS700 HT is well equipped with a 12-inch Garmin MFD, GME VHF Radio and Electric Anchor Windlass with both helm and forward remote controls, complemented by a Boss Marine sound system. With 200L of fuel capacity and 45L of freshwater, the boat is well equipped for days exploring the coastline and weekends away.

This boat presents a fantastic opportunity to secure a lightly used, just recently serviced CS700 HT without the cost or wait associated with ordering new.

CMG at Sydney Boathouse, 2/2 Waterways Court, Sydney, our friendly staff will be pleased to help with your specific requirements.
