Every season has its own light, and every moment a specific memory. Beneteau Antares 12 OB Coupe is a sophisticated motor yacht, built for those who enjoy extended cruising in comfort and style. POWERED BY TWIN OR TRIPLE OUTBOARD ENGINES with joystick control - this yacht delivers excellent performance and agility on the water. Measuring 12 metres in length with a beam of 3.8 metres, the Antares 12 OB offers ample space for entertaining guests or relaxing with family.

The Antares 12 Coupe affirms its position as a versatile family cruiser, designed for long-distance sailing in all latitudes. Benefiting from proven expertise, it combines comfort, elegance and innovation with a spirit of shared pleasure and serenity.

With its unique design and modern shape, the Antares 12 Coupe embodies the aesthetic codes that have been the signature of the range for 45 years. The hull glazing and gunwale create a sleek line, while the protective, streamlined aft roof enhances the overall balance of the boat.

The electric starboard platform naturally extends the outdoor living space and simplifies access to the water for paddleboarding or swimming.

The Antares 12 Coupe, ideal for family cruises or short trips with friends, is the perfect blend of modularity and space. The spacious, bright and elegant master cabin has its own bathroom, just like the guests, who benefit from a fully equipped cabin. A third modular area can be transformed as needed into an extra bunk or storage space. Combined with the convertible wheelhouse seating area, the Antares 12 Coupe can accommodate up to eight people on board for a wonderful night at anchor off the coast.

With a fuel capacity of 1,200 litres and a water capacity of 320 litres, The Antares 12 OB Coupe provides outstanding comfort and is perfectly suited for long-distance cruising. Much more than just a weekender, this boat offers the ideal conditions for spending several days on board, leisurely and completely serenely.
