CALL US TO GET A FULL LIST OF OPTIONS AND ENGINE UPGRADES TO COMPLETE YOUR DREAM BOAT.

The Flyer 8 SUNdeck exceeds regular day boat standards by combining comfort, generous space, and sensations. Its highly optimized design makes it the ideal boat for a weekend getaway. A decent-sized cabin lies beneath a large sunbathing area for lazing in the sun.

The Flyer 8 SUNdeck has the aesthetics of a modern classic, with taut yet attractive lines, complete with black pulpits. Developed on the latest generation of outboard hulls equipped with Air Step 2, the boat lifts off quickly and offers outstanding cruising comfort. The aft bench seat is easy to fold back, providing optimum cockpit space. There are also lots of ergonomic storage spaces spread throughout the boat.

No other brand stacks up on all levels as well as Beneteau with its 137-year History and boasts being one of the largest boat manufacturers in the world, the only manufacturer in this category that has advancements such as their own patented Air Step® hull technology that induces air under the hull to create lift on take-off and a bead of air between the water and hull which delivers smooth operation in a range of conditions and unparallel stability as well as improved fuel efficiency.

The only brand that boasts a CE Rating that compares with commercial survey standards, with features like the self-draining decks and raised gunwale line. This means that your Beneteau will hold its value and offer better returns once you are ready to upgrade to a new model or larger boat down the track. The value is evident in the ultra-modern and attractive finish.

The decor is smart and simple, and most importantly practical for boating and in true Beneteau fashion, keenly priced.
