Condition	New	State	New South Wales
Suburb	ROZELLE	Engine Make	

### Description

COBIA 280 CC - ORDER # 8307 - DUE JULY 2022 - SAIL AWAY \$ 337,450 This boat is certainly comfortable enough to have family and friends aboard, but its reason for existing is primarily for fishing. With that said though there are plenty of features that anglers, families, water sports enthusiasts and pleasure boaters will enjoy. The 280 CC shares a ton of design cues from its smaller and larger siblings, including a sheer line that rises dramatically to an aggressive bow that has lots of flare to keep things dry. The entry is steep and piercing, but is also graceful and elegant at the same time. Under the waterline is a deep-V hull with 21 degrees of transom deadrise that draws just under two feet (22 inches). The 21-degree transom deadrise hints at this boat's offshore DNA, and makes wreck- and reef-hopping in sloppy water off the coast a breeze. Cobias are built using modern techniques that utilize lots of modern materials, including high-density foam coring, multi-directional fiberglass cloths, and vinylester resin. The hull is wood-free. Many of the coring materials are precision fabricated from stock sheets using a three-axis CNC router. A large structural grid made of high-density PVC foam stiffens the whole package and is assembled and laminated to the hull by hand.

This Cobia 280CC includes all standard model year features.

POWERED BY: Twin YAMAHA F250NSB Outboards with Helmmaster, EX Twin Engine w/ Hydraulic Steering
