LEAVE QUINTREX FOR DEAD WITH THIS EUROPEAN-DESIGNED PLATE ALUMINIUM ALLROUNDER -YES PLATE!

THE FUTURE OF ALUMINIUM BOATS HAS BEEN REALISED, THIS MONOCOQUE CHASIS, PLATE ALUMINIUM, FIBREGLASS COCKPIT WONDER RIDES AND IS AS QUIET AS A FIBREGLASS BOAT AND OFFERS THE RIGIDITY, HARD-WEARING, AND LIGHTWEIGHT CHARACTERISTICS OF AN ALUMINIUM BOAT - AN ALL-ROUNDER OFFERING SOMETHING FOR THE WHOLE FAMILY.

The Bella Veneet Boat Group produces a trio of big-hitting international badges including “Bella”, “Flipper” and “Falcon” and through these brands has been awarded “best in boating” and has been building leisure boats from their Finnish homeland for nearly 50 years, they are Scandinavia’s leading manufacturer of Power Boats with five domestic production plants generating a mixed fleet of the cruiser, hardtop, day cabin, and open craft.

Falcon BR 7 offers yet another dimension to practical boating experiences. It suits ideally for fishing and water skiing trips, but being slightly longer than its little brother, the BR 7 offers a bit more room for passengers and equipment. The sturdy structure ensures a smooth ride even in challenging conditions, keeping the noise level sufficiently down. Stylish, spacious swim platforms in the stern make it easy to climb aboard.

These boats offer a spacious design combined with excellent maneuverability and modern European styling and just the right touches of character, with a sporty approach. Do not let the compact dimensions and low fuel consumption fool you – These are full-blooded day boats, equipped with all the modern conveniences.

The Euro designs incorporate a Speedhull that enables higher speeds and a sporty driving experience under all conditions. The foam-filled monocoque frame construction makes the hull extremely stiff and quiet- which again contributes to excellent drivability and less noise in the cockpit.

The unique layout enables using these boats in various ways to have fun on the water. Socializing, dining, sunbathing, water sports, overnighting, camping, and other activities. Handling is as easy as it can get, and the ergonomics are excellent.

THE PACKAGE INCLUDES PROFESSIONAL ON-WATER TRAINING AND FAMILIARIZATION, NSW REGISTRATIONS AND ENCLOSED WATERS SAFETY EQUIPMENT, AND DOCKING EQUIPMENT INCLUDING ROPES AND FENDERS.
