The Bella Veneet Boat Group produces a trio of big-hitting international badges including “Bella”, “Flipper” and “Falcon” and through these brands has been awarded “best in boating” and have been building leisure boats from their Finnish homeland for nearly 50 years, they are Scandinavia’s leading manufacturer of Power Boats with five domestic production plants generating a mixed fleet of cruiser, hardtop, day cabin and open craft.

The Flipper 650DC offers a spacious design combined with excellent manoeuvrability and modern European styling and just the right touches of character, with a sporty approach. Do not let the compact dimensions and low fuel consumption fool you - These are full-blooded day boats, equipped with all the modern conveniences.

The Euro designs incorporate a Speedhull that enables higher speeds and sporty driving experience under all conditions. The special double frame construction made with the vacuum technology makes the hull extremely stiff - which again contributes to excellent drivability and less noise in the cockpit.

The unique layout enables using these boats in various ways to have fun on the water. Socializing, dining, sunbathing, water sports, overnighting, camping and other activities. Handling is as easy as it can get, and the ergonomics excellent.
